

PRECISION IMPEX

84, School Bldg.,3rd Kumbharwada Lane,Dr. M.G. Mahimtura Marg, Mumbai- 400004

DEAR SIR,

WE ARE GLAD TO INTRODUCE OUR SELF AS LEADING STOCKIST AND SUPPLIER OF ALUMINIUM, STAINLESS STEEL AND ALLOY STEEL AND NON FERROUS MATERIAL.

TO,

THE PURCHASE DEPARTMENT

Who are we?

I feel immense pleasure to introduce Precision Impex as one of the leading company in importer, exporter, stockiest, suppliers in

Ø Non – Ferrous Metal

Ø Stainless Steel Sheets/Plates/Bars/Pipes 304/316/310/309/321

Ø Alloys Steel/Sheets/Plates/Round Bars s355j2 + N / IS2062/EN 8/EN 9/ 20MNCR5

Ø Aluminums Sheets/Plates/Coils/Bars 7075 T6 / 6061 T6 /6082 T6 / 2014 /5052/5754/1100

About us:-

“PRECISION IMPEX” is one of the leading stockiest & dealers in the field of Ferrous & Non – Ferrous metal. We are the leading suppliers to many Govt. & Non – Govt. bodies, big industries, pvt. ltd. Co. & their ancillaries & also registered with them as valued & reputed “Vendor” all over in India. We have huge quantity of stock in our warehouse with advance machineries. We dispatch the material through out the India consuming less time.

PRODUCT :

Non – Ferrous Metal

Ø Brass, Rods ,Squares ,Hexagonal ,Strips ,Flat sheets, Pipes, Tubes & Nuts...

Ø Copper – Rods, Strips, Flats, Sheets, Pipes etc...

Ø Gunmetal-Rods ,Hollow Bars & Bushes, etc...

STAINLESS STEEL

These Stainless Steel materials offered by us are used in various industries for multiple applications. These include sheets, coils, fittings and others. Our steel caters to the requirements of various industries such as construction, metal works, and automobile. Our products are widely appreciated in the market for its competitive prices and for their durability and corrosion resistant surface .We offer premium quality products at very competitive prices.

Ø Stainless Steel (304, 310, 316, 321, 420 & 431 Quality and also in low Carbon and titanium, Inconel , monel, duplex etc)

Ø Seamless & ERW Pipes & Tubes ¼” to 24” Diameter & above.

Ø Stainless steel rods & hex in bright and black in grade 202,304,316 etc...

Ø Flange: -150#, 300#, ANSI B 16.5, SORF, BLRF, WNRF.

Ø Rods: 6mm to 300mm diameter Rods, Squares, Hex Flats & Circles

Ø Sheets: 10, 12, 14, 16 to 30 SWG. In size of 8’ x 4’ or Coil from JINDAL, SAIL & Imported like ACRINOX, OUTOKUMPO ETC...

Ø Plates: 4, 5, 6, 8, 10, 12, 16, 20, 22, 25mm thickness in size of 8’ x 4’. 1mm to 100 mm thickness in various sizes.

ALLOY STEEL

We are also the stockiest of alloy steel raw material such as:

Ø Mild Steel Plate IS 2062 Grade A , IS 2062 Grade B , A36 both in Indian and approved international mill from size 3mm to 100mm ready in stock

Ø We even have CRCA sheets ready in stock of Jindal & Imported

Ø Boiler Quality Plate of SA 516 Grade 60/70 of Indian mills & Ukraine mills

Ø We also have the stock of raw materials like Round Bar of bright & black material ready in stock grade IS 2062 , EN Series HCHCR, OHNS , READY STOCK VSP & OTHER MILLS from 6mm dia up to 500 dia

Ø We even have SA 387 GR 11 /GR 12 PLATE ready in stock ANS S355 J2 + N PLATES IN STOCK

WE WOULD LIKE TO INTRODUCE AS WE ARE STOCKISTS AND SUPPLIERS OF ALUMINIUM PLATES / SHEETS / ROUND RODS / SQUARE BARS / HEXAGONAL BARS / ROUND TUBES IN ALLOY 3000 ,19000, 19700, 52000, 53000, 54000, 63400, 65032, 64430, 24345, 7075 (US) .ALL IMPORTED MATERIAL RUSSIA & GERMANY MAKE. WE ARE MAJOR STOKIST IN JINDAL & HINDALCO PRODUCTS LINE.

ALUMINIUM SHEETS / PLATES

We provide a wide range of Aluminium sheets / plates , which are manufactured using qualitative raw materials.

We provide plates in different alloys .Used in diverse industrial applications ,available in the following sizes,we can also provide customized solution and cut to length service .Available in alloy 7075/2014/6082/6061/6063/1100f/19500

WIDTH	LENGHT	THICKNESS
1000MM TO 2500 MM	1000 MMTO 6000MM	0.5MM TO 300MM

ALUMINIUM CHEQUERED PLATES

We provide a wide range of Aluminium chequered plates,which are manufactured using qualitative raw materials . Used in diverse industrial applications, available in the following sizes..

Availablein alloy1100/1200/8011/6082/5754/5454

WIDTH	LENGHT	THICKNESS
810MMTO1500MM	1000MMTO6000MM	1MMTO10MM

ALUMINIUM FLATS

We offer a premium range of Aluminium Flats which are known for their tensile strength and durability. Manufactured using high quality Aluminium , our Flats are used in various industries. Available in various dimensions & grades , we provide our Flats at industry leading prices..Available in alloy 7075 / 2014 / 6082 /6061 / 6063.

WIDTH	THICKNESS	LENGTH
25MMTO400MM	6MMTO200MM	UPTO12FEET

ALUMINIUM ROUND RODS

We are one of the top – notch stockiest of Aluminum Rods , which are used in various industrial applications . Constructed from premium grade raw materials , our range of rods are known for high – strength , excellent finish and longer life . Our Aluminium rods are offered in various specifications of sizes .Available in alloy 7075 / 2014 / 6082 / 6061 / 6063

ALUMINIUM ROUND BARS

We are one of the top – notch stockiest of Aluminum round bars , which are used in various industrial applications . Constructed from premium grade raw materials , our range of rods are known for high – strength , excellent finish and longer life . Our Aluminium round bars are offered in various specifications of sizes . Available in alloy 7075 / 2014 / 6082 / 6061 / 6063

ALUMINIUM SQUARE BARS

We are stockiest of Aluminum square bars , which are used in various industrial Applications . Constructed from premium grade raw materials , our range of rods are known for high-strength , excellent finish and longer life . Our Aluminum square bars are offered in various specifications of sizes.

ALUMINIUM HEXAGONAL BARS

We are one of the top-notch stockiest of Aluminum hexagonal bars , which are used in various industrial applications . Constructed from premium grade raw materials , our range of rods are known for high – strength , excellent finish and longer life . Our Aluminium hexagonal bars are offered in various specifications of sizes.

ALUMINIUM ROUND TUBES

We offer premium range of Aluminum round tubes , which are used in various industrial applications . Constructed from premium grade raw materials , our range of tubes are known for high - strength , excellent finish and longer life . Our Aluminium tubes are offered in various specifications of sizes.

ALUMINIUM ANGLES

We provide a wide range of Aluminium Angles which are manufactured using qualitative raw materials . Used In diverse industrial applications , our products are known for their easy maintenance . Available in the following sizes , we can also provide customized solution.

WIDTH	THICKNESS	LENGTH
20 MM TO 150 MM	3 MM TO 10 MM	UPTO 12 FEET

ALUMINIUM LADDERS

We provide a wide range of Aluminium Ladders which are manufactured using quality raw materials . Used in diverse industries / airports / railway stations / ships / outdoor purpose . Our products are known for their easy maintenance . Available in different designs , we can also provide customized solution . Industries like Pharmaceuticals , Chemicals , Textiles , Petroleum , Information & Technology , Bulk Drugs , Sugar , Steel , Power , Food Processing , Engineering , Agro chemical & fertilizers , Ceramic , Paper , Printing , Laminates , Plastics Processing , etc . rely on our products.

Aluminum wires-

We offer a wide range of Aluminium wires which are manufactured using quality raw materials . Used in diverse industries . Available in different guage and alloy . aluminium wires are widely used in communication cables / Flexible cables / Coaxial cables / Wire used electrical appliances / Aluminium pads (example : metal sponges for cleaning bristles) / Anodic treatment (example for fixing profiles) / Water – bottle carrier / parcel grids for bicycles / Ornamental chains for costume jewellery / Mosquito nets / Metal network : nets , mesh ,filters and other products / Food stuff clips , metal staples (example for sausage type foods , tea bags) / Lightning conductors / Clips , staples for staplers , paper clips / Clothes pegs , Aluminium clothes hangers , usually used by dry cleaners etc

Aluminium wire available in hard and soft alloy

ALSO AVAILABLE ALUMINIUM CHANNELS / ARCHITECTURAL SECTIONS

**WE ALSO PROVIDE CUT TO LENGTH SERVICE FOR SHEETS / PLATES / FLATS /
ROUND BARS / SQUARE BARS / ROUND TUBES**

KINDLY LET US KNOW ABOUT ANY OF YOUR REQUIREMENTS

Introduction pdf attached

Thanking you
